

Application Guidance Notes for Individuals

ABOUT THE FOUNDATION

History

The Foundation was founded in 1959 by the late George Drexler OBE for the advancement of education.

Restrictions & Eligibility

1. Under this section individuals are invited to apply for financial bursaries to support a recognised educational course in the UK. In assessing applications the Trustees wish to identify and assist particularly gifted or talented individuals who are struggling to support themselves financially through university or college.

2. Note the Foundation will not fund medical electives, volunteering, study abroad or gap year projects.

3. It is a strict requirement of the Foundation that applicants are UK citizens and that a personal or family link with commerce *must* be established for an application to be considered. To qualify either the applicant, the applicant's parents or grandparents must have worked in or owned a commercial business. This does not include professional people i.e. doctors, accountants, architects, solicitors, etc. Supporting documentation may be required.

Timing

Bursaries are made annually, with applications considered by the Trustees in May each year. Completed applications must be submitted online via the Foundation's website by the **31st March**. All applicants will be notified of the outcome by early June. ***We no longer accept applications by email or post.***

Value

The Foundation has limited funds on which to draw annually. As a result competition is fierce and only a small number of awards are made each year. Applicants can apply for a bursary within the range £500 to a maximum of £2,000.

Payment

Bursaries will be paid directly to the individual usually in August of the year awarded.

Applying again

Previous bursary recipients, and those who were unsuccessful in previous rounds, can reapply but awards made are in open competition and there is no guarantee of any repeat funding.

Monitoring

It is mandatory that all bursary recipients submit a progress report to the Trustees; this will be requested in the February following the start of the academic year for which the grant was awarded.

HOW TO APPLY

All applications should be completed by the applicant using the online application form on the Foundation's website. www.georgedrexler.org.uk/applying-for-funding

The online application includes a personal statement which should be no longer than one side of A4 paper. You must also attach a written academic reference. *Only **ONE** written reference from an appropriate tutor should be attached.*

In your personal/hardship statements, please ensure you:

- Institution has been chosen at which to study.
- Explain why you are applying for a bursary, with the emphasis on any hardship and financial need, and how this will help you complete your studies.
- Outline your career ambitions/intentions.
- Anything else you feel may be of interest to the Trustees.

Please Note:

The trustees wish to recognise excellence and exceptional ability or potential and your application should demonstrate this.
